PHOENIX, Nov. 2, 2017 /PRNewswire/ -- Troxell, a national leader in education technology and collaboration solutions for more than 60 years, is happy to announce Mindy Siegel Baggett as the new Account Executive for the Arizona Territory. She will work closely with school districts in the Phoenix metro area on their education technology needs and initiatives. Mindy is taking over the territory from Terry Hixson, who will retire from the company at the end of 2017 after working for Troxell for almost 31 years.

"I am thrilled to be back at Troxell to reconnect with my customers and the Troxell team," said Mindy Siegel Baggett. "It is very exciting to not only be able to assist districts and schools with their traditional AV, but also to partner with districts in finding solutions for their 1:1 initiatives, collaborative learning spaces, STEM programs, asset management, and campus safety needs."

"We are very excited to have Mindy back as one of our Account Executives," said Mark Barber, Troxell's Senior Vice President of Sales. "Her industry knowledge, experience, and skills are an excellent complement to our organization. She's a valuable member of our team and I am pleased to reintroduce her to the Phoenix area."
